

1 & 2 Peter
Lesson 24 Questions
Conclusion

Looking back over both first and second Peter, was there one thing that stood out and caused you to stop and look differently at how God would direct you to live in what Peter would call these last days?

Peter sought heartily for his readers to understand what it was to be free from sin, how to live in righteousness, and how to wait patiently and productively for their reward. It was obvious that Christ was the key factor in achieving these accomplishments of...

- justification (being forgiven by Christ)
- sanctification (living for Christ)
- glorification (receiving our immortal bodies and spending an eternity with Christ)

Using passages from 1 & 2 Peter to explain each of the specific parts of our growth in salvation.

1. Justification

2. Sanctification

3. Glorification

Write out how you would encourage someone in their walk with Christ. Are there specific steps you would use to encourage someone who was having trouble understanding how suffering is a part of this life and how God could use it to grow our faith?
